Dentistry.

C. Francis Barnard, M. D.

SURGEON DENTIST.

DR. BARNARD HAS HAD FOR several months the "Perkins Hyatt" or "Celluloid Base," the newest and latest material adapted to the mounting of whole sets of teeth; he is also using "Whalebone-Rubber," which is rapidly supplanting, for single dentures or partial sets the best vulcanites of the last 25 years.

We cheerfully add Dr. B's card to our columns, convinced that his good taste and judgment, united to natural skill and ingenuity, aided by an extensive practice of upwards of thirty years, render his services more valuable and reliable than those of any other Dentirt on the Sound, Coast or Island.

Dr. B's large experience may be readily seen in the happy and natural expression given his patrons by his life-like insertion of artificial Teeth.

The public may rest assured of patience, gentleness and undivided attention while under the Dr's hands, and that he will ever strive to be foremost in adopting helps and hints touching his own interest and that of his patrons.

OFFICE AND RESIDENCE—Douglas Street, between Dr. Powell's premises and Willson's Tea Store. Business hours from 8 a m till 5 p m.

Victoria, Nov 4, 1871. de5 daw is

MILLS BOWDEN,

DENTIST,

MAY BE FOUND OVER H. F. HEISTERman's, Langley street, from 9:30 a. m. to 4 p. m. Back entrance on Government st. de17

Political.

To the Electors of Victoria District,

Including Victoria City, Victoria District, Esquimalt and Metchosin:

GENTLEMEN.—In a short time you will be called upon to elect two members to represent you in the House of Commons, and as many Electors have expressed to me a desire that I should offer myself as a candidate for that honorable position, I now solicit your suffrages, assuring you that, if elected, no effort on my part shall be spared to advance your interests at Ottawa, or to assist in legislating for the advancement of the whole Dominion. Politically I am in favor of giving a generous support to the present Canadian Administration, and should strongly advocate the national importance of the Railroad being terminated at Esquimalt. I should urge the establishing of a Quarantine Hospital at once; the opening of an Immigration Agency at Victoria, the building of a Lighthouse at the entrance to, and the Dredging of Victoria Harbor. I should endeavour, if necessary, to obtain an increased guarantee for the Dry Dock, and should point out the benefits and importance of completing the Railroad from the Pacific to Lake Superior (at least) in the shortest possible time. From present information upon the subject it appears there is little prospect of both Houses being in session this year at the same time, but should it prove otherwise, and should I be elected to the Commons, I should feel in honor bound (although with great reluctance) to resign my present seat in the Local House, and enable another representative to take my place.

I remain respectfully your obd't servant,
jy29 ROBERT BEAVEN.

To The Electors of Vancouver District.

GENTLEMEN:—Having been urgently solicited to become a candidate for the representation of Vancouver District in the House of Commons, and having received a very general assurance of support in the course of canvassing, I now announce myself a candidate.

Averse to long-winded addresses and profuse promises before election, I prefer to be judged by the record of my past acts during the last two sessions of the Local Legislature.

Should you honor me with your confidence, I shall use my best endeavors to obtain the Railway Terminus on the Island.

And all other questions which may arise, such as Immigration, Postal Service and the Administration of Indian Affairs, shall meet my most careful consideration.

The liberal policy pursued towards British Columbia by the Dominion Government, in my opinion, entitles the present party in power to the hearty support of the Representatives from the Pacific.

Should I be honored by your electing me, no personal consideration shall be allowed to interfere with my faithfully discharging my duty, and it will be my highest ambition to strictly guard your interests.

I shall seek an early opportunity of personally addressing you, meanwhile I respectfully solicit your influence and votes.

I have the honor to be, Gentlemen,
Your obedient servant,
au2 A. BUNSTER.

To the Electors of Vancouver Island District.

GENTLEMEN.—On leaving Ottawa it was my intention to withdraw from politics; but since my return home I have been daily receiving from every quarter of the country the most urgent solicitations to again become a candidate to represent your District in the Federal Parliament. After mature consideration I have acceded to the request of my friends and have now the honor once more to solicit your suffrages at the coming election. In doing so I would state that it is not my intention to canvass the District or to wait personally on the Electors—having recently spent considerable time in canvassing this extensive District my business engagements this season render my doing so impossible.

The Electors are well acquainted with my political views on the leading questions of the day, as well as with my public acts in Parliament last session. If under those circumstances they should see fit to return me again as their Representative, I pledge myself to use my best endeavors to promote the local and general interests of the country. I shall also give the present Government the same hearty support that I did last session, for I am firmly convinced that by retaining in power the able Statesmen who at present control and direct the affairs of the Dominion we take the only sure means to advance the immediate and future progress and development of this Province. Everywhere in the Eastern portions of the Dominion at present are to be witnessed the most marvellous progress and prosperity in every department of trade and industry. Agriculture, Commerce and Manufactures were never before in such a flourishing condition. All this in a great measure is the result of wise legislation initiated and carried out by the present Government, in whom I recognise the leaders of the Party of Progress; and I hold it to be the duty of your Representative to work with the Government in their endeavors to raise this Province to a like degree of vitality and prosperity.

The liability of the outlying settlements to depredations by Indians calls for the adoption of some measure of protection from the Government. I shall again urge upon the Ministry the necessity of employing an armed vessel for this purpose, believing that prevention is at all times better than cure.

In conclusion I can only say that should I have the honor again to represent you in Parliament, whatever ability I may possess will be devoted to the advancement and well being of the whole country.

I have the honor to remain, Gentlemen, your obedient servant,

ROBERT WALLACE.

Daily British Colonist.

THURSDAY MORNING, AUGUST 8TH, 1872.

From Cache Creek to Okanagan.

The announcement (made in our advertising columns) that Mr Barnard has placed a weekly line of passenger stages on the route between Cache Creek and Okanagan, connecting at the former point with the main trunk line to Cariboo, is suggestive of progress. The enterprise displayed by Mr Barnard in thus following closely upon the heels of the road-makers is deserving of praise. The fact itself is calculated to arouse a people accustomed to think of the country as non-progressive,—standing stock still. A coach road from Cache Creek to Okanagan! and a weekly line of stages on it!! This leads to enquiry about the country seemingly so suddenly opened up. And here we are made to feel our ignorance,—the little that is known about "the great interior." Livingstone has spent a fortune and the best part of his life in search of an IDEA,—the source of the Nile. Will no one explore the interior of British Columbia in search of something of more practical utility? We will tell the reader what little we know about the country penetrated by Mr Barnard's enterprise. From Cache Creek to Okanagan, a distance of about one hundred miles, as the crow flies, six thousand head of cattle fatten upon nature's rich pastures. There is room for more than double that number. Calculating seven hundred pounds of beef to the animal, a low average as beeves go in that section, that would yield eight and a half million pounds of the finest beef in the world. In 1871 the yield of grain on the Tranquille, North and South Forks of the Thompson amounted to one and a quarter million pounds. That was the product of less than a tenth of the land held under preemption, the whole being seven thousand, six hundred and eighty acres, which should be capable of producing at least twelve million pounds. Of bacon upwards of forty thousand pounds was cured. At one dairy (Mr Jones') two thousand, five hundred pounds of excellent butter was made. The Spillemeechine valley will produce fall wheat of the finest quality without irrigation, in consequence of a fine surface soil and clay subsoil. The Okanagan will yield only fall wheat without irrigation; spring wheat, oats and barley, &c, in wonderful profusion with irrigation. The yield of wheat ranges from one and a quarter to one and a half tons per acre, the grain producing from sixty-five to seventy per cent. of flour. As high as nine tons of potatoes has been taken from the acre. Wherever tried fruit trees have done exceedingly well, while those severer tests of climate, Indian corn, tomatoes, musk mellons, water melons, and even the grape vine have been cultivated with great success and without having recourse to artificial expedients. The country is, for the most part open, dotted with trees giving it almost the appearance of an old country park. It is so free from wood as to enable the horseman to canter at will in almost every direction, and in some instances no obstructions are presented to the free progress of a carriage. The face of the country is beautiful—relieved by ever changing succession of hill and dale. The water system is excellent, the surface of the country being indented by numerous lakes and rivers or smaller streams, everywhere teeming with fish of excellent quality. A mild climate will have already been inferred. It may be added that snow seldom falls to any depth, and never lies long. Horses, horned cattle and sheep pass the winter unhoused and uncared for and, as a rule, come out in good condition in the spring. On most of the grass ranges cattle shifting for themselves through winter are in prime condition for beef in the spring. In the country thus roughly and very imperfectly sketched, there are a few hundred settlers—we really do not know how many. In the valleys of the Thompson, Okanagan, and Cache Creek, there are about one hundred children. There is the making of happy homes for tens of thousands. In truth no more desirable country can be found, and it is not unreasonable to hope that the opening of a coach road leading through the heart of it, and the facilities for travel presented by a weekly line of stages may lead persons in search of homes to go and see for themselves. In this instance, we feel assured that to SEE will be to SETTLE.

The Country School Question

In former articles we pointed out the fidiculties in the way of placing education within reach of children throughout the Province by means of country schools established in the various settlements, and recommended the establishment of central boarding schools at which a better education could be imparted with less expense to the State,—the plan of bringing the children to the school, instead of taking the school to the children. As the question of supplying remote settlements presses itself upon the Board of Education, these difficulties must more clearly appear. There is Barkerville, for instance, with six children of school age demanding a school. Teacher's salary twelve hundred dollars; contingent expenses half as much more, and we have eighteen hundred dollars a year for educating six children in the common English branches! Three hundred dollars per head per annum for tuition alone! Cheaper far to send them to the High School in Edinburgh, and board and lodge them there at the expense of the Province. And yet, these six children must be educated. A cry comes from Stuart Lake for a school, where there are said to be fourteen children to be taught. Would all the fourteen be within reach of one school? Who will go there to teach the young idea how to shoot? What would it cost the State to keep school there? And yet these fourteen children must be educated. Again, look at the continual expense of visiting and inspecting schools scattered over so wide an area of country for the most part so destitute of the means of locomotion. It would be more than one man could accomplish. In all seriousness, we recommend the Board of Education to consider well this central school theory, before proceeding much farther with the expenditure of public money in building schoolhouses and establishing schools the expense of which must, we fear, be frightfully disproportioned to the results. Of course these remarks apply chiefly, if not solely, to the country beyond the Cascade Range.

THURSDAY MORNING, AUGUST 8TH, 1872.

MARRIED.

On the 6th inst., by the Rev. P. Jenns, Incumbent of St. John's, Victoria, B. C., Mr. J. P. Goodhue, of Portland, Oregon, to Fanny Mary, second daughter of Capt. James Cooper.

Henry Nathan, M. P.

Is a Candidate for re-election in Victoria City District.

City Council.

The Council met at 7:30 p. m. last evening. There were present—His Worship the Mayor, and Couns. Gerow, Mitchell, Taylor, Robinson and Gowen.

The minutes of previous meeting were read and on motion adopted.

COMMUNICATIONS.

From Secretary of the Farmer's Club, asking when it would be convenient for the Council to receive a deputation and asking leave to use the Pound for the Agricultral Show. Laid on the table.

From John Matthews with regard to impounding cattle on Sunday.

From S. J. Gardner, threatening proceedings unless the sum of $9 for cattle impounded on Sunday last be refunded.

Communications received and filed.

From Messrs. Lowen & Erb, offering to lay 160 feet of sidewalk along east Government street to Discovery street, if they would order the rest, some 500 feet, to be done. Referred to Street Committee.

From W. C. Siffken, asking leave to excavate on Johnson street, to repair pipes.

From property owners on Discovery street, protesting against the laying of a sidewalk on that street. Referred to the Street Committee to report next meeting.

ACCOUNTS

From Thos. Craigie, cutting thistles, $3, do. $10; H. F. Heisterman, rent, $15; Thos. Hall, hay, &c., $12 38, do., $9 36; Jas. Wilcox, carpentering, &c., in the Pound, $179 50; Richard Turner, cutting thistles, $3, do., $12; E. Grancini, hardware, $39 74; Chas. Ball, for sharpening tools, $10 50. Referred to Finance Com., and if found correct, to be paid.

The Poundkeeper's report for the month of July, was read and filed. The receipts for the month amounted to $85.

The Clerk stated that the bonds for the construction of the culvert on Douglas street, were signed and the Mayor's signature and the Corporate Seal were ordered affixed.

The sum of $25 was ordered to be donated to Joseph Josephs.

The communication from the Farmer's Club was taken up, and Coun. Gowen moved that the request of the Club for the use of the Pound be granted, and the Finance Com., in connection with His Worship the Mayor, be appointed to receive the deputation. Carried.

Coun. Gowen moved that the Finance Com., in connection with the Mayor be empowered to grant any donation they may think fit. Carried unanimously.

The Council then adjourned.

Omineca News.

A few ounces of gold dust from Omineca were brought down lost evening. The passengers by the Otter, generally, give a discouraging account of the mines. Mr. Hugh Jones says that on Slate Creek one company of three were making from 25 to 30 ozs. a day in ground recently opened. On Manson Creek none of the claims had commenced to wash. On Germansen, the three claims previously spoken of continue to yield fine wages—one as high as $100. Provisions were very low and sales slow.

BOARD OF TRUSTEES.—At a meeting of the Board of Trustees, a communication was read from the Superintendent of Education, stating that the teachers for the District had been appointed. Coun. Robinson moved that the communication be received and filed and the Secretary be directed to communicate with the teachers as soon as the schools are ready, and that a notice be inserted in each of the papers stating the day the schools will be opened. Coun. Gowen seconded and the resolution was carried. The Chairman was empowered to sign the terms of the lease; the Building Committee authorized to get the seats painted by tender, and to see to other incidental necessaries.

THE LAST OF VIVIAN.—This great mimicist and marvelous deleniator of character, will make his last appearance at the TheatreRoyal this evening, with a bill more attractive than ever. To those who have already witnessed his really wonderful performances we need not say go to the Theatre to-night; but we will say go to the box office early and secure seats; for nothing can be more certain than that there will be a perfect "jam." Freedom from coarseness and those lewd jokes by which such entertainments are too often marred constitutes one of Great Vivian's charms. Victoria will show to-night that she knows how to appreciate talent and respectability by giving Mr. Vivian a bumper benefit.

PIONEER SOCIETY.—This Society, at its meeting last evening, elected His Excellency Lieut.-Governor Trutch and Sir James Douglas, K. C. B., honorary members. The public will probably learn with regret that the Society has come to the conclusion not to hold a picnic this season.

THE MAUDE.—On Saturday next this steamer will take passengers to Nanaimo and way ports at half price.

Lower River News.

[From the "Dominion Herald."]

Mr. Carrington arrived from Kootenay, via Colville and Hope, on Monday. There is not much news. The mines were yielding only average returns. All along the route the farmers were busy with their harvest. A few men were working on Rock Creek, but the Chinamen were leaving it for Boundary Creek. The trail out of Hope is in good condition.

Some time ago—years ago we believe—a plan was drawn for a bridge at Chilliwhack river. It was a very pretty plan and much admired; but the farmers in the neighborhood of the proposed site are beginning to find out that a plan—be it ever so pretty—is rather an intangible thing on which to cross a river, especially with a heavy load or during a dark night; and they are anxious to know when the bridge is to be built.

Mr. Bonson's saloon was entered by burglars and robbed of $50 in coin.

Smoke is on the increase.

Harvesting is going on.

The Municipal Elections commenced on Tuesday. For Ward 1, Messrs. E. Brown and H. Elliott; for Ward 2, Messrs. Cunningham, J. A. Webster and J. Wise; for Ward 5, Mr. Wm. Clarkson, and for Ward 7, Mr. Robt. Dickinson, were returned by acclamation. In Wards 2, 4 and 6, a poll was demanded and was appointed to be held yesterday.

At the nomination of Chief and Assistant Engineers of the New Westminster Fire Department, Mr. J. T. Scott and Mr. J. C Armstrong were nominated for Chief Engineer and Mr. Thos. Walsh and Mr. A. Peele for Assistant Engineer. Messrs Armstrong and Peele having the show of hands, a poll was demanded for Messrs Scott and Walsh which as held yesterday.

(From the Guardian.)

Robert Taylor, a native of Scotland, died at the N. W. Hospital on Tuesday night.

An investigation into the conduct of Constable Edmonds in letting Shepley and Brown escape from him is being held.

Smut has appeared on the wheat about Langley.

Police Court.

WEDNESDAY, Aug. 7th.

Jim, a Fort Rupert Indian, was charged by a man named Beaty with assaulting him. From the evidence it appeared that both parties were equally guilty of assault and the case was remanded for further inquiry.

Frank Obershaw was charged by Wm. Marsh of the California Saloon, with attempting to break open and rob his safe. The evidence of three witnesses, besides that of the prosecutor, was taken, which went to show that everyone except the prisoner rushed to the door to see a dog-fight; that the prisoner was left alone in saloon, and that he went behind the bar to where the safe was and was seen by one witness through the glass door in the act of trying to open the inner door of the safe. When asked by Mr. Marsh what he was doing behind the bar, he replied that he was trying to get a drink of gin. After hearing the evidence, the prisoner, who evinced a dogged indifference throughout, made no defence and was committed for trial.

An Indian, named Costen, and his squaw Kavosack, were charged with wilfully and maliciously killing a cow, the property of John Harris, near Mount Tolmie. They were remanded for two days for further evidence.

LANGLEY SCHOOL.—This school was reopened on Thursday last, 1st inst., under the auspices of the newly appointed teacher, Mr. Gibbs. Sixteen pupils were enrolled. The following gentlemen are Trustees of the school:—O. Allard, A. Innes, and J. McKay, Esqr's.

WELL DONE, YORK.—The Mr. Dodge mentioned in our dispatches as having been returned to Parliament from North York is an American owning large Canadian mill and timber interests. He was naturalized some 18 months ago by Act of Parliament and is a strong supporter of the Sir John A. Macdonald Ministry. He has defeated Mr. J. P. Wells, a Grit, who was returned for that riding by acclamation at the last general election. North York has always ranked as a Radical, and has recently had the honor of being regarded as a Grit constituency. This is a severe blow to the Grits, the "Globe" having come out in bitter opposition to Mr. Dodge.

VICTORIA WATER.—Five men belonging to the ship Aureola came ashore in a boat yesterday, and finding the weather here somewhat chilly after that of the Sandwich Islands, imbibed some "cold water," otherwise Hollands. It proved too strong for their nerves and they became obstreporous and got to fisticuffs amongst themselves. They were arrested, and it is likely that a night's lodging in Pemberton's Hotel will put them to rights and that they will return to their duty to-day.

THE propeller California left at daylight yesterday morning for Port Townsend. She will proceed thence to Bellingham Bay to load with stone, and will call again at Port Townsend to take passengers for Portland. Intending passengers must leave by the North Pacific, which will probably sail at daylight to-morrow.

THE Isabel will leave Dickson & Campbell's wharf at 8 a.m. to tow the Aureola up to Nanaimo.

Later from the Skeena.

The Otter returned from the North last evening. She left Victoria on Monday the 22nd July, called at Nanaimo, Comox, Alert Bay, Fort Rupert, Bella Bella, and arrived at Port Essington on Friday, the 28th. Left again next morning for Woodcock's and Metlakatla, and reached Fort Simpson on Monday afternoon. Started down on Tuesday, 30th July, touched at Q. C. Coal Mine, Skidegate, Bella Bella, Kimsquit, Bella Coola, Fort Rupert, Alert Bay, Comox and Departure Bay.

There is no truth in the report of the murder of white men at the Forks of the Skeena. The Indians, however, refuse to allow freight to go up.

Constable Brown was to start up river on Sunday, the 28th July, to invite the Chiefs down to see the Governor. He expected to return in about 9 or 10 days.

H. M. Ships Scout and Boxer left Fort Rupert on Tuesday morning, 30th July, and might be expected to arrive at Metlakathla on Thursday, 1st August.

The Otter brought down 5 passengers who had been to the mines and returned unfavorably impressed with their gold-bearing capacity.

ACCIDENT AT PARSON'S BRIDGE. — On Tuesday afternoon Mr. E. A. Whittingham was driving a span of horses attached to a wagon in which were seated Mrs. Wittingham and Mrs. Williams. After crossing Parson's Bridge the horses became frightened and backed, spilling the occupants of the vehicle over the side of the steep embankment. The horses and wagon, Mr. and Mrs. Whittingham, and Mrs. Williams, were all mixed up in a state of dangerous confusion for two or three moments; but all managed to get out without having received any material injury.

EXCITED.—The "Guardian" man ought to try an occasional "dip" in the Fraser. It might cool his political ardor. In speaking of the Municipal election at New Westminster, yesterday, he excitedly says:

"We only ask our citizens to exercise the instinct of self-preservation, as, failing a change, [in Municipal Councillors], nothing but disaster would follow in the future, and our beautiful city would be avoided as if it were affected by the plague, and all sensible and enterprising men would seek other localities wherein to invest their capital and industry."

Phew! Soda and ice, quick!!

NANAIMO. — The following officers of Onward Lodge, No. 2, I.O.G.T. were installed last Saturday evening by W.L.D. Raybould:—W.C.T., Bro. A. Raper; W. V. T., Bro. J. Malpass; W. S., Bro. S. Gough; W.A.S., Sister R. Malpass; W. F.S., Bro. C. Tate; W.T., Bro. Wm. Raybould; W.C., Bro. S. Waddington; W. I.G., Bro. R. Brown; W.O.G., Bro. J. Richardson; W.M., Bro. S. Wilks; W.D. M., J. Hamilton; W. R. S., Sister R. Hawkes; W.L.S., Bro. W. Hawkes; P. W.C.T., J. K. Gilbert; W.L.D., W. Raybould.

THE Enterprise arrived from New Westminster yesterday with the following passengers:—Mrs. Ingram, Mrs. Thain, Mrs. Claudet, Mrs. Edmonds, Mrs. Dickson, Mrs. Russ, Mrs. Murray, Rev. Russ, Messrs. Edmonds, Thain, Leopold, Macleay, Allison, McArthur, Garibaldi, Landers, Ballou, Carrington, McGregor. She also brought a Mail and Barnard's Express.

PHOTOGRAPH.—Mr. R. Maynard took a beautiful photograph of the town from across James Bay, showing the bridge. We are also indebted to him for copies of the Wesley Church and the Rev. Mr. Pollard's residence, both of which are excellent pictures.

BOSTON JUBILEE.—Dr. Barnard has favored us with a photograph of the building in which the Boston Jubilee was held. The building is 550ft. long, 350ft. wide, and is capable of seating 50,000 persons. The architect is Mr. Wm. Preston.

THE ELECTIONS.—If we are to judge from the scraps of election news which came by telegraph yesterday, Canada must be now in the throes of a general election. In that case our writs ought to arrive by the mail steamer.

THE ship Aureola arrived in Royal Roads yesterday afternoon from the Sandwich Islands with Capt. Bannister and family as passengers. She leaves for Nanaimo to-day in tow of the Isabel.

THE CALIFORNIA.—The agents received a telegram yesterday announcing that the paddle-wheel steamer California sailed on Monday for Victoria with 70 passengers and 250 tons freight.

YALE-KOOTENAY.—Mr. J. G. Norris, of this city, is spoken of as a candidate for Yale-Kootenay.

FINE ARTS.—Mr J. Sehl has just received ex Prince of Wales some beautiful engravings and lithographs.

THE ship Rocklight is loaded at Burrard Inlet, and awaiting the arrival of the tug Goliah to tow her out.

THE ONLY COMPLETE BOOK-BINDERY NORTH OF SAN FRANCISCO.—The undersigned is prepared to turn out a superior class of work. Magazines, Newspapers, etc., etc., bound with dispatch. The most difficult forms of Ruling done. Cheques or Receipt Books numbered and perforated. Charts or Maps mounted on linen, suitable for the pocket, and Drawing Paper mounted by the yard of in sections. —ROBT. T. WILLIAMS, at Messrs T. N. HIBBEN & Co's. * * *

Cornubienses.

EDITOR COLONIST.—Under the heading of Cornubienses in your issue of the 1st inst. I notice a correspondent signing himself 'Penruddoch' who seems to be indignantly annoyed by the explanation of the "Cornish Arms" explicitly explained in your issue by "Robert" on the 31st ult., and as Penruddoch, who is apparently well schooled in the antiquity and legends of Old Cornwall, I should thank him to illustrate the third legend that he uses (Flying Mare) and enlighten an uneducated schoolboy; or else he may have a chance to be "cross-toed" by the dignity of a Cornishman from the banks of the Fraser. Yours,

CARNMARTH.

YALE, August 5th, 1872.

Marrying a Sister-in-Law.

[From the Philadelphia "Age."]

Everybody knows the stir that has been made in England about marrying a wife's sister. There the law forbids it, and so do the canons of the English Church. But, in the United States, no law forbids it, and the Episcopal Church has refused to adopt the canon of the Church of England on the subject. The Roman Catholic Church permits such marriages by dispensation. We did not know that any religious body absolutely prohibited them, but a case in New York seems to have occasioned a good deal of comment in that city, in the newspapers and among the members of the Jewish Church. It appears that a marriage was solemnzied by the Rev. Dr. Wise, of Cincinatti, and the widow of his brother. Of this the "Sun" says:

The bridegroom was, therefore, the bride's brother-in-law, and under Jewish law there marriage was forbidden. In Leviticus such marriage is prohibited as an abomination, and although elsewhere in the Pentateuch a man is actually required to marry his deceased brother's widow, provided she is childless, and to raise children by her to preserve his brother's name from extinction, modern Jewish theologians have concurred in condemning the second custom, and in vigorously defending the first.

The "Jewish Times" has severely criticised the conduct of Dr. Wise in solemnizing this union. It may console him to know that the "Age" and many learned doctors think he was right. Most American churches, as we have said before, deny that the Levitical law prohibits such marriages, except in the lifetime of all the relatives in question. Nothing can be more plain than this limitation in the 18th verse of the 18th chapter of Leviticus, where the command is not to take a wife to her sister, to vex her in her lifetime. The prohibition is violated by the disciple of Brigham Young, who marries two or more sisters at a time. The prohibition to take a brother's wife, in the 20th chapter of Leviticus and 21st verse, refers, we think, to an adulterous intercourse with the wife of a living brother. Marriage with a brother's widow is expressly sanctioned and enjoined in Genesis, 38th chapter, 8th verse, and also in Deuteronomy in the 25th chapter, where a ceremonial is prescribed in case of the refusal of a brother to contract a marriage with his childless sister-in-law. This, it is said in the above extract from the "Sun," is condemned by modern Jewish theologians; but this is an error. We very well remember a case tried in the Common Pleas in this city, in which it was necessary to take testimony on this point. The most eminent rabbis and members of the Jewish Church in Philadelphia were examined as witnesses, and they all stated that the ceremonial was in use to this day, and no Jewish widow could creditably marry under the circumstances mentioned in the 25th chapter of Deuteronomy without the performance of the ceremony therein prescribed. In the case in question, the brother, though a married man, had formally gone through the ceremony of refusal to marry his brother's widow, and so important was this deemed by her that she had, it was alleged, in consideration of it, ceded certain pecuniary rights, which brought the matter into court. There it was certainly established that, by the existing customs of the Jewish Church, a childless widow cannot reputably marry a stranger till her husband brother has formally declined to marry her.

A FORTUNE IN A HAT.—About the year 1826 (says a letter from Colmar,) a poor journeyman turner of the name of Muhle, badly shod and with a wallet on his back, entered the village in which stood the machine factory of M. Weil & Boutron, and applied for work. His ragged exterior did not speak much in his favor, and M. Weil, to whom he applied, refused to engage him. The workman sorrowfully turned on his way. All of a sudden he was recalled by the voice of the owner of the manufactory: "Stop; what sort of a hat is that you wear?" "A wooden hat." "A wooden hat? Let me look at it closer. Where did you buy it?" "I made it myself, sir." "And how did you make it?" "Oh, on the turning lathe." "But your hat is oval and the things made on the lathe are round." "Yes, that is true," answered the workman, "but in spite of that I made the hat. I displaced the centre and then turned it as I pleased. I required a hat which would answer the purpose of an umbrella, and, as I had no money to buy one, I was obliged to make this myself." The poor workman had instinctively discovered the method of eccentric turning, which was to prove of so much importance to modern mechanics. M. Weil perceived with the keen-sightedness of a clever manufacturer the immense importance of the discovery. He retained the man with the wooden hat, and found him not merely a skillful workman, but a genius that only wanted opportunity and a small degree of culture for its development. The workman Muhle soon obtained a share in the profits of the business, and became later on, under the name of Moulin, the proprietor of it. He died a short time since possessed of a large fortune.

A story is related of Zeuzis of rather a novel character, and which is well authenticated. He painted resorted. But this gave the arist great dissatisfaction, and very proberly so, leading him to declare the painting failure, since had the similitude been in both cases equal, the birds would most certainly have been deferred, by natural fear of the boy, from approaching the picture!

Latest by Telegraph.

Eastern States.

NEW YORK, Aug. 5.—The Tribune says a friend of Judge Barnard is authority for stating that his resignation is in the hands of friends who will endeavor to submit the resignation in the office of the Secretary of State in time to save the Judge from conviction.

Dispatches from Alexandria say that President Grant is staying with his friends on one of the islands in the St. Lawrence, Gen. Sheridan is also there.

At a political discussion in Virginia yesterday, between Gen. Quimby and Col. Mosby, a Mr. Witteger, being offended at some remarks made by Col. Mosby, challchallenged him. Mosby accepted the challenge and yesterday the authorities arrested both parties and bound them over to keep the peace in Virginia. It is reported they will go to Blandensburg and fight.

NEW YORK, Aug. 6.—Next to the expulsion of the Jesuits, the subject now most discussed in Germany is measures for reducing the flow of emigration to the U. S. The vast increase of immigrants last year seems to have awakened the Government to a realization of its loss by the laws visiting by punishment the invasion of military duty with a penalty of from 50 to 1000 thalers and imprisonment from one month to one year being passed.

HARRISBURG, Aug. 6.—A terrible tornado visited this place last night. Many buildings were injured and hundreds of trees blown down.

CHICAGO, Aug. 6.—Special and private advices make it certain that Caldwell, Republican, has carried N. C. by 1400 majority.

NEW YORK, Aug. 6.—Both parties still claim North Carolina. The Tribune figures Merriman's majority at 1400.

NEW YORK, Aug. 6.—A special from Geneva says that the arbitration discussion on the probability of an increase of the verdict seems to be against England, and that it will be in the form of a declaration of positive responsibility for the acts of Confederate cruisers and award a gross amount of damages. There is reason to believe the case of the Georgia is weak and will probably be abandoned. The case of the Shenandoah has been pressed closely and a demand for the loss of whaling fleets specially urged. The English counsel gives particulars wfth emphasis and states that the tribunal considers the Treaty of Washington has no right to examine into the conduct of England in the execution of her municipal laws. They maintain that no nation is responsible to another for its internal administrations.

Canada.

QUEBEC, Aug. 5.—A dispatch says that at the general election for the Centre and West Divisions yesterday the Frenchmen in the Central Division took possession of the polls and committed fearful excesses. The Englishmen (?) banded together to repel the attack and were 2000 strong and armed with revolvers. A fearful encounter took place at the foot of Utake street. Several were killed, while the wounded are numberless. The Dominion artillery and a field battery had to be called out as well as the armed Provincial Police. The polls being taken possession of no correct returns could be made, but the French candidate is returned. The English speaking people, it would seem, are to be exterminated by the French, according to the statement of the French leaders. It is feared more blood will be shed as the Dominion party men are going up town to revenge the murder of their men.

TORONTO, Aug. 6.—Anson G. H. Dodge has been returned to Parliament for the constituency of North York.

Europe.

MADRID, Aug. 5. — The Imperialist, speaking of the Cuban insurrection, says that over 13,000 have been killed, 50,000 have surrendered to the Spanish authorities, 3,000 horses, 5,000 arms and 3,000 swords have been captured.

LONDON, Aug. 6.—The report that Lord Hatherly had resigned the Chancellorship is premature.

The American fleet proceeds from Cowes to the North sea, where it will remain during the winter, returning to the English Channel in the spring.

Minister Schenck will soon give a ball at which the officers of the fleet and Stanley will be present.

California.

SAN FRANCISCO, Aug. 6.—Arrived—Ships Marianne, Nathonne and Sonoma and bark Violette, Newcastle; ship Pride of the Port and bark Comet, Honolulu; bark Gem of the Ocean, Seattle.

Sailed—Ship Commodore, Port Ludlow.

GREELEY'S PROPOSITION TO PAY FOR THE SLAVES.—The following is the exact reading of Mr. Greeley's droposition to pay the slaveholders $400,000,000 for their losses:

Fouth—The Union to pay $400,000,000 in 5 per cent, United States stock, to the late slave States, loyal and secession alike, to be apportioned pro rata according to State population, respectively, by the census of 1860, in compensation for the losses of their loyal citizens by the abolition of slavery.

A dealer in old books in London occasions a good deal of amusement to those who inspect his stock by the curious labels which he attaches to different works. What, for instance, would Dr Johnson say to the following? "Lundun, and ow to see hit:" and another labelled "Leives of the Poyats—price 'arf a crown."

HOLLAWAY'S PILLS AND OINTMENT.—Scurvy and diseases of the skin—Fever, restless sleep, foul stomach, tainted breath, depression of spirits, always attendent on the worst cases of cutaneous-eruptions, are speedily cured and radically removed by these medicines—the Ointment cleanses the skin, and the Pills purify the blood, stimulate the liver and promote digestion. 25 cents per pot or box. * * *

Dry Dock.

BRITISH COLUMBIA.

ESQUIMALT GRAVING DOCK.

THE GOVERNMENT OF BRITISH COLumbia are prepared to receive Tenders for the construction of a Graving Dock at the Naval Station Esquimalt Harbor, under the guarantee provided in Twelfth Section of the Terms of Union of this Province with the Dominion of Canada, which section is in the following words:

"The Dominion Government shall guarantee the interest for ten years from the date of the completion of the work at the rate of five per cent per annum, on such sums not exceeding £160,000 sterling as may be required for the construction of a first class Graving Dock at Esquimalt."

The Dock to be of Masonry, and of not less than the following dimensions:—

Length on floor 370 feet,
Do over all 400 feet,
Width between copings 90 feet,
Do on floor.....45 feet,
Do of entrance.....63 feet.

To afford a depth of water on the sill of not less than 26½ feet at high water springs, and to be substantially constructed to the approval of Government, upon a site to be provided by the person whose tenders may be accepted.

Further particulars as to plans, site, borings, &c, may be obtained from T. A. BULKLEY, Esq., Chief Engineer to Government, upon application in writing to the Chief Commissioner of Lands and Works.

Tenders must specify the time within which the Dock will be completed, and may be accompanied by drawings and descriptions, showing exact dimensions, materials and mode of construction of proposed Dock.

Tenders are to be sealed, superscribed "Tender for Esquimalt Graving Dock," addressed to the Chief Commissioner of Lands and Works, Victoria, British Columbia, and delivered at his office before noon on the 15th day of November, 1872.

Persons who may consider the above guarantee to be insufficient, are at liberty to tender on the basis of such supplemental guarantee by the Provincial Government or upon such other financial inducements as they may suggest.

The Government do not bind themselves to accept the lowest or any tender.

Each Tender must be accompanied by a Bond from the Contractor, and two sufficient sureties, for the payment of £10,000 to Her Majesty, Her heirs and successors, conditioned upon the due fulfilment of the Tender which it accompanies provided it be accepted within three months from the said 15th of November.

By Command.

GEO. A. WALKEM,
Chief Commissioner of Lands and Works.

Ayer's Sarsaparilla,

FOR PURIFYING THE BLOOD.

The reputation this excellent medicine enjoys, is derived from its cures, many of which are truly marvellous. Inveterate cases of Scrofulous disease, where the system seemed saturated with corruption, have been purified and cured by it. Scrofulous affections and disorders, which were aggravated by the scrofulous contamination until they were painfully afflicting, have been radically cured in such great numbers in almost every section of the country, that the public scarcely need to be informed of its virtues or uses.

Scrofulous poison is one of the most destructive enemies of our race. Often, this unseen and unfelt tenant of the organism undermines the constitution, and invites the attack of enfeebling or fatal diseases, without exciting a suspicion of its presence. Again, it seems to breed infection throughout the body, and then, on some favorable occasion, rapidly develop into one or other of its hideous forms, either on the surface or among the vitals. In the latter, tubercles may be suddenly deposited in the lungs or heart, or tumors formed in the liver, or it shows its presence by eruptions on the skin, or foul ulcerations on some part of the body. Hence the occasional use of a bottle of this *Sarsaparilla* is advisable, even when no active symptoms of disease appear. Persons afflicted with the following complaints generally find immediate relief, and, at length, cure, by the use of this *SARSAPARILLA: St. Anthony's Fire, Rose or Erysipelas, Tetter, Salt Rheum, Scald Head, Ringworm, Sore Eyes, Sore Ears*, and other eruptions or visible forms of *Scrofulous* disease. Also in the more concealed forms, as *Dyspepsia, Dropsy, Heart Disease, Fits, Epilepsy, Neuralgia*, and the various *Uterous* affections of the muscular and nervous systems.

Syphilis or *Venereal* and *Mercurial Diseases* are cured by it, though a long time is required for subduing these obstinate maladies by any medicine. But long continued use of this medicine will cure the complaint. *Leucorrhœa* or *Whites, Uterine Ulcerations*, and *Female Diseases*, are commonly soon relieved and ultimately cured by its purifying and invigorating effect. Minute Directions for each case are found in our Almanac, supplied gratis. *Rheumatism* and *Gout*, when caused by accumulations of extraneous matters in the blood, yield quickly to it, as also *Liver Complaints, Torpidity, Congestion* or *Inflammation* of the *Liver*, and *Jaundice*, when arising, as they often do, from the rankling poisons in the blood. This *SARSAPARILLA* is a great restorer for the strength and vigor of the system. Those who are *Languid* and *Listless, Despondent, Sleepless*, and troubled with *Nervous Apprehensions* or *Fears*, or any of the affections symptomatic of *Weakness*, will find immediate relief and convincing evidence of its restorative power upon trial.

Dr. J. C. AYER & CO., Lowell, Mass.,

Practical and Analytical Chemists.

SOLD BY ALL DRUGGISTS EVERYWHERE.

Dominion Plantation.

Come ye citizens and strangers,
Miners, Sailors and Western Rangers,
Listen to the truthful story,
Of Frank Campbell of Victoria.
He in truthful words will tell you,
Just the goods he has to sell you.
Mind ye now he isn't joking,
If you are fond of Chewing and Smoking,
Or if you are given to snuffing
What he keeps does not need puffing.
He has brands will suit you really,
Tobacco users prize them dearly;
From all parts of the "Old Dominion,"
He has stock and his opinion
Is that none can suit you better,
They will please you to the letter.
His Cigars, just from "Havana,"
Smoke in the most lovely manner;
Meerchaum Pipes of style and fashion,
Just to suit each taste and passion;
And it is in Canada stated,
His Tobaccos are celebrated;
Green Seal, Straight Cut, all go,
Big Lick, Big Cut, Wind Sap, also.
All the Fine Cut brands for chewing,
That your teeth will never ruin:
Pipes to suit the inveterate smoker,
Cards for playing Euchr or Poker.
Pipes of brier and stems of cherry,
More than any man can carry;
It would take a week to tell you
All the things he has to sell you,
While in town you may be stopping,
At the "Adelphi Corner" drop in;
Campbell you'll find at that location,
Ready to give you information.
Or to see you well provided,
With what is by all decided
The smoker's and the chewer's glory,
The best and cheapest in Victoria.

F. CAMPBELL,

Virginia Tobacconist, Adelphi Corner.

MR. HELMCKEN

MAY BE CONSULTED AT HIS OFFICE, Victoria, between the hours of 9 and 12 in the morning, or at his residence, James Bay, in the evening. au4

Insurance.

Phœnix Fire Assurance

COMPANY,

LOMBARD STREET AND CHARING CROSS,

LONDON.

Established, 1782.

For Insuring every kind of Property in all Parts of the World from Loss or Damage by Fire.

THE PROMPTITUDE AND LIBERALITY with which its engagements are always met by this Company are well known, and the importance of its relations with the Public may be estimated from the fact that since its establishment it has paid more than Nine Millions Sterling in discharge of claims for Losses by Fire.

The security offered to the Public by the Phœnix Office is unlimited, comprising in addition to the large invested capital of the Company the whole fortunes of numerous proprietors composed of some of the most opulent merchants and others in the United Kingdom. Annual and short time Insurances are effected upon all kinds of property in Vancouver Island and British Columbia on the most favorable terms.

Prompt cash payment and full power to settle all losses and claims without referring to the Head Office in London.

Rates and Particulars of Insurance may be had on application to THOS. C. NUTTALL, Agent,
au1 Government street opp. Masonic Hall.

Medical.

FOR DYSENTERY, CHOLERA, AGUE, COUGHS, COLDS, &c.

DR. J. COLLIS BROWNE'S (Ex Army Med Staff)

CHLORODYNE.

IS THE ORIGINAL AND ONLY GENUINE.

CAUTION—Vice-Chancellor Sir W P Wood stated that Dr. COLLIS BROWNE was undoubtedly the inventor of CHLORODYNE: that the story of the defendant, Freeman, being the inventor was deliberately untrue which he regretted had been sworn to. Eminent Hospital Physicians of London stated that Dr J Collis Browne was the discoverer of Chlorodyne: that they prescribe it largely and mean no other than Dr Browne's—See TIMES, July 12, 1864.

The Public therefore are cautioned against using any other than

DR J. COLLIS BROWNE'S CHLORODYNE.

REMEDIAL USES AND ACTION.

This INVALUABLE REMEDY produces quiet, refreshing sleep, relieves pain, calms the nervous system, restores the deranged functions and stimulates healthy action of the secretions of the body without creating any of those unpleasant results attending the use of opium. Old and young may take it at all hours and times when requisite. Thousands of persons testify to its marvelous good effects and wonderful cures while medical men extol its virtues most extensively using it in great quantities in the following diseases:—

Diseases in which it is found eminently useful—Cholera, Dysentery, Diarrhœa, Colics, Coughs, Asthma, Cramp Rheumatism, Neuralgia, Cough, Hysteria, &c.

EXTRACTS FROM MEDICAL OPINIONS.

The Right Hon Earl Russell communicated to the College of Physicians and J T Davenport that he had received information to the effect that the only remedy of any service in Cholera was Chlorodyne.—See Lancet Dec 31, 1864.

From A Montgomery, Esq., late inspector of Hospitals, Bombay: Chlorodyne is a most valuable remedy for Neuralgia, Asthma and Dysentery. To it I fairly owe my restoration to health after eighteen months' severe suffering, and when other medicines had failed.

Dr Lowe, Medical Missionary in India reports (Dec 1865) that in nearly every case of Cholera in which Dr Collis Browne's Chlorodyne was administered the patient recovered.

Extract from Medical Times, Jan 10, 1866—Chlorodyne is prescribed by scores of orthodox remedical practitioners. Of course it would not thus be singularly popular did it not supply a want and fill a place.

Extract from the general Board of Health, London, as to its efficacy in Cholera.—So strongly are we convinced of the immense value of this remedy that we cannot too forcibly urge the necessity of adopting it in all cases.

Beware of spurious and dangerous compounds sold as CHLORODYNE from which frequent fatal results have followed.

See leading article, Pharmaceutical Journal, Aug 1, 1869, which states that Dr J Collis Browne was the inventor of Chlorodyne: that it is always right to use his preparation when Chlorodyne is ordered.

CAUTION—None genuine without the words "Dr J. Collis Browne" on the Government stamp. Overwhelming medical testimony accompanies each bottle.

Sole Manufacturer, J T DAVENPORT,
33 GREAT RUSSELL STREET, BLOOMSBURY, LONDON.
Sold in Bottles, 1s. 1½d., 2s. 9d., and 4s. 6d.

Card of Thanks to Dr. Chong.

AFTER BEING TREATED FIVE MONTHS by a white doctor, and spending nearly $300, I was worse than when I first went to him. I had quite despaired of being relieved when I read Dr. Chong's Card in THE COLONIST. I placed myself under his care and in NINE DAYS I was as well man. I write this card to discharge a debt of gratitude I owe to Dr Chong whose charges, I may also say, were reasonable. My complaint was neuralgia. WILLIAM MCCORMICK.
Victoria, Aug 26th, 1871. jy27
